Definitions

The following definitions were provided by or agreed upon with Rockefeller Brothers Fund, Inc. (“RBF”):

Traditional: Strategies that do not explicitly integrate ESG factors and impact characteristics into the investment process.

Screened Divest: Investments with negotiated side letters, stipulating fossil fuel screening criteria.

ESG: Investments that proactively integrate environmental, social, and governance (ESG) factors into the investment process.

Impact: Investments that have, in addition to a financial return, a measurable impact and specific social or environmental objectives.

Fossil Fuel: Fossil fuel reserves is defined as proved or probable reserves of coal, oil, natural gas, and tar sands. A fossil fuel reserves list is used to evaluate fossil fuel exposure for publicly listed holdings (excluding Berkshire Hathaway). For private holdings and funds where individual holdings are not available, total energy sector exposure is used to conservatively estimate fossil fuel exposure. For legacy exposures, estimates calculated based on holdings detail from available data.

Disclosures

Assets are managed by Cerity Partners OCIO LLC (“Cerity Partners OCIO” or “CP OCIO”), a wholly-owned subsidiary of Cerity Partners LLC. Effective June 1, 2024, Agility, the former Chief Investment Officer-related business of Perella Weinberg Partners Capital Management LP, merged into CP OCIO.
